Address: 3/3 P.A.N. Rajarathinam, 7th Lane, Old Washermanpert, Chennai - 600021

Professional Summary

- 3+ years of IT industry experience in Software Testing (Manual and Automation) with a strong understanding of Test Planning, Execution, and Defect Tracking & Reporting.
- Experienced in Agile methodology, actively participating in Sprint Planning, Daily Scrum, Sprint Retrospective, and Demo sessions.
- Expertise in analysing and understanding test requirements, tracking changes, and maintaining test cases.
- Skilled in performing Functional, Smoke, Regression, and PVT testing.
- Hands-on experience in Manual Testing and Automation Testing using Selenium WebDriver, Java, TestNG, Jenkins, and Cucumber within CI/CD pipelines.
- Proficient in API Testing using Postman and backend testing using SQL for data validation.
- Experienced in defect tracking & reporting using JIRA and participating in defect triage calls for issue resolution.

Work & Project Experience

Compvue INC. | Software Test Engineer |Nov 2021 – Dec 2024

Project: CLOVER HEALTH SERVICES (Healthcare Domain)

Clover Health Services is a dynamic provider of travel nurse staffing services. The platform ensures seamless staffing solutions by matching the best-suited healthcare professionals to meet client requirements.

Key Responsibilities:

- Analysed requirements and developed test strategies, test plans and test scenarios.
- Designed and executed test cases, test scripts, and validated functionality & data integrity.
- Executed SQL queries for backend data validation.
- Managed defect tracking & reporting in JIRA, ensuring timely resolution.
- Conducted UAT (User Acceptance Testing) and performed Smoke, BVT, Sanity, E2E.
- Identified defects, prepared bug reports, and performed defect tracking.

- Researched and implemented innovative testing methods and tools to enhance process efficiency

---

Technical Skills & Tools Expertise

- **Testing Tools:** Selenium WebDriver, TestNG, JIRA, Cucumber, Mantis Bug Tracker
- **Programming Languages:** Java, SQL
- **Database Management:** MySQL, PostgreSQL
- **Software Testing Types:** Automation Testing, Manual Testing, Database Testing, Performance Testing, Regression Testing, Functional Testing, Test Planning, Test Case Preparation, End to End Testing
- **API Testing:** Postman

Test Expertise

- Ability to define test strategy for different engagements with varying requirements.
- Proficient in requirement analysis, feasibility study, and test planning.
- Experienced in test case creation, execution, reporting, and defect tracking.
- Expertise in formulating test approaches for SIT, E2E, and UAT testing.
- Strong bug tracking and reporting skills.
- Implemented test automation using Selenium with Java, TestNG, and Cucumber.
- Ability to mentor trainees and guide them in E2E testing.
- Proficient in executing SQL queries for data validation.

Certifications

- Certified in Java & SQL through Aurguz Academy.
- Completed a 12-week JAVA course (NPTEL) with a consolidated score of 85%.

Education

- B.E - Computer Science Engineering (2021) - Anna University
  Overall CGPA: 80.08% - Jeppiaar Maamallan Engineering College
- HSC (2017) - 81.02% - T.S.T Rajah Girls' Matriculation Higher Secondary School
- SSLC (2015) - 90.01% - T.S.T Rajah Girls' Matriculation Higher Secondary School
