End-user application: MS Windows, MS Office (Word, Excel & PowerPoint)

Advance Excel

Academic Project:

Integrated Metering System for Enhanced Energy Monitoring in Smart Cities.

An Integrated Metering System for energy monitoring in smart cities combines various meters, sensors, and data management tools to track energy consumption efficiently. This system helps cities monitor energy use in real-time, optimize resources, and reduce waste. It supports smarter decision-making for energy management, contributing to sustainability and cost savings.

Internship / Other Activities:

- ☒ Participated in State level Hackathon conducted by Erode Sengunthur Engineering College
- ☒ Participated in the Smart India Hackathon organized by SSM Institute Of Engineering And Technology.
