
KEERTHANA U

QUALITY ENGINEERING & ASSURANCE

CAREER SUMMARY

Proven quality engineering and assurance expert with 4+ years of experience, specializing in precision-driven testing strategies that enhance software reliability and exceed industry standards. Skilled in transforming quality processes into key drivers of project success.

PROFESSIONAL SKILLS

- Automation Testing
 - Regression Testing
 - Smoke Testing
 - Ad-hoc Testing
 - Performance Testing
 - Manual Testing
 - Analytical Critical Thinking
 - Attention to Detail
 - Collaboration and Teamwork
-

EDUCATION

- **MADRAS UNIVERSITY**
Master of Computer Applications
2023
 - **SASTRA DEEMED UNIVERSITY**
Bachelor of Science Electronics & Computer Science
2020
-

ACCOMPLISHMENTS

Always Striving, Never Settling

Recognized as a great team player for on-time project deliveries.

Starting With A Point Of View

Recognized as a great involver.

WORK EXPERIENCE

Cognizant Technology Solutions

November 2020 – Present

Programmer Analyst, Quality Assurance

Projects: Burger King (US and Germany), Tim Hortons (Canada), Popeyes (US)

- **Agile Testing & Scrum Implementation** – Successfully integrated **Agile methodologies** into software testing workflows, ensuring iterative development and seamless collaboration within sprint cycles.
- **Test Automation & Framework Development** – Extensive experience in designing and implementing robust automation frameworks using **Selenium with Java, Cucumber, TestNG, and Sikuli** to enhance efficiency and accuracy.
- **End-to-End Testing Expertise** – Proficient in conducting **comprehensive functional, regression, smoke, and ad-hoc testing**, ensuring seamless application performance across diverse business domains.
- **Defect Tracking & Management** – Skilled in utilizing **JIRA** for defect reporting, resolution tracking, and maintaining quality assurance metrics for transparent and effective debugging.
- **Client-Centric Testing Approach** – Adept at collaborating directly with stakeholders to align testing strategies with business needs, ensuring high-quality deliverables tailored to specific client requirements.
- **Performance & System Optimization** – Expertise in analysing system responsiveness, **stability, scalability, and load handling**, ensuring optimal software functionality under various conditions.
- **Precision in Manual Testing** – Strong ability to **design, execute, and document manual test cases**, ensuring reliability and adherence to industry standards.
- **Analytical & Critical Thinking** – Adept at analysing complex problems, identifying patterns, and devising efficient solutions.
- **Process Documentation & Reporting** – Skilled in crafting detailed reports, including test case documentation, defect statuses, and project progress summaries for streamlined communication.
- **Collaboration & Team Leadership** – Proven ability to lead and work within cross-functional QA teams, driving efficiency and continuous improvement in software quality assurance practices. Spearheaded QA teams, fostering a collaborative environment and driving adherence to best practices for superior software delivery.
- **Project Impact** – Drove key project milestones and ensured the successful deployment of high-impact machine applications in multiple international markets.

Automation Testing:

- **Selenium with Java:** Developed and maintained automated test scripts using Selenium WebDriver with Java, enhancing test coverage and efficiency.

- **Cucumber:** Implemented behavior-driven development (BDD) using Cucumber, facilitating clear communication between technical and non-technical stakeholders.
 - **TestNG:** Utilized TestNG for test configuration, parallel execution, and generating detailed test reports.
 - **Sikuli:** Leveraged Sikuli for automating visual testing, ensuring the accuracy of graphical user interfaces.
-

CERTIFICATIONS

- **QA QE - DevOps - Java Track - Maven**
 - **QA QE – Azure**
 - **SIX SIGMA GREEN BELT & GENERATIVE AI**
-

PROFESSIONAL DEVELOPMENT

- **Workshops:** Attended various workshops on automation testing techniques and tools.
 - **Webinars:** Participated in webinars focusing on the latest trends in quality assurance and automation testing.
 - **Continuous Learning:** Committed to continuous learning and staying updated with industry advancements.
-

LANGUAGES

- **English:** Fluent
-

HOW TO CONTACT ME

- **Email:** keerthanau77@gmail.com
 - **Phone:** 9025484117
 - **Address:** 29, Vadakku theru, Villiyavarambal, Ayyavadi post, Kumbakonam - 612204
