Email: monicasidharan@gmail.com

Career Objective: -

To pursue a Challenging Professional Career, where my education, experience, skills, and abilities to utilize my skills in Web applications, Mobile applications, and automation testing for various products of the Organization.

Professional Overview: -

- 3 years of overall solid and persistent experience in HCL Technologies Ltd.
- 1 year and 5-month experience has a Software Tester, Accenture Solution pvt Ltd in Chennai FROM MARCH 2022 TO TILL DATE.

Professional Experience Summary: -

- Worked in HCL Technologies Ltd. – Chennai FROM APRIL 2019 TO MARCH 2022
- Software Tester in Accenture Solution pvt Ltd - Chennai FROM MARCH 2022 TO TILL DATE.

Professional Qualification: -

- **BTech.IT** from S.A. Engineering college (2018).

Academic Qualification: -

- **12th** from Velammal Matriculation Higher Secondary School in 2014.
- **10th** from Velammal Matriculation Higher Secondary School in 2012.

Testing Skills: -

Manual testing: -

- Very Good knowledge of Software Development Life Cycle (SDLC) and Software Testing Life Cycle (STLC) including Agile Methodology.
- Experience in performing Functional testing, Smoke testing, System testing, Usability testing, Acceptance testing, Performance testing, Integration testing, Accessibility testing and Regression testing.
- Globalization testing for an application in different languages and different format specifications.
- Proficient in writing Test cases by using test case design technique.
- Very Good in Test Execution Process, Defect Life Cycle, and Test Plan.
- Detecting bugs & classifying them based on severity and priority.
- Experience in configuring setups for testing in Windows.
- Experience with preparing Test cases and Bug Reporting.
- Experience with Black Box Testing and Bug life cycle.
- Experience on W-model and Agile methodology
- End to End Requirement Traceability Mapping
- Trainings provided for new joiners.

Automation testing:

- Having good knowledge on Automation testing using Selenium.
- Good knowledge in developing the scripts in Web driver with TestNG.
- Knowledge in various frameworks like Cucumber Framework.
- Have knowledge in Selenium web driver tool, having experience in creating, executing, and maintaining the scripts via automation.
- Having good knowledge in Automation Selenium WebDriver, TestNG, Maven.
- Good knowledge in Automating Web Application Testing using Selenium WebDriver with TestNG framework.
- Well versed with Handling Elements in Selenium WebDriver.
- Well Versed with Data driven Testing, Cross browser testing using Selenium WebDriver, TestNG.
- Good Exposure with Test NG framework using POM.
- Good knowledge of Object-Oriented programming Concepts (OOPS) and Java Skills.
- Good Experience in writing XPath to locate web elements.
- Good knowledge in experience with all levels of testing including Sanity, Usability, Functional, Integration, Regression, Re-testing, and User Acceptance Testing.

Technical Skills: -

- Languages : Core Java
- Operating System : Windows Xp,7,8
- Databases : My SQL
- Automation Tools : Selenium
- Framework : BDD with cucumber, POM, Maven
- Web Browsers : Chrome, Firefox, Internet

Projects Undertaken: -

Project 1

Client : ExxonMobil
Project Title : Web pages management system
Tool Used : JIRA

Project Description:

The project vision is web-based application for new intranet that is intuitive, responsive, and appealing for all our stakeholders. The new sites will be aligned with our culture and be a place where people can find and share information with one another as they build communities. ExxonMobil has initiated a project to procure and implement a platform that provides enhanced content management system and distributed publishing capability to enable efficient and effective information sharing etc.

Contribution:

- Performing requirement feasibility analysis for each spirit
- Prepared test scenario based on the requirements.
- Prepared test case preparation, test data and design document for the application
- Performed Functional testing, Regression testing, Sanity testing, Smoke testing, Retesting, Accessibility testing and System testing.
- Discussed the Issues, Risks, and daily status during Scrum calls.
- Finding discrepancies during testing phase, bug tracking.

Project 2

Client : Woolworths
Project Name : Supply chain
Tools Used : Selenium web driver, TestNG

Project Description:

The project vision is for a new intranet that is intuitive, responsive and appealing for all of our stakeholders. The new sites will be aligned with our culture and be a place where people can find and share information with one another as they build communities. Woolworths has initiated a project to procure and implement a platform that provides enhanced content management system and distributed publishing capability to enable efficient and effective information sharing etc.

Contribution:

- Analyzing and understanding the Business Requirements (User Stories) and Client Expectations.
- Test script preparation/execution using selenium web driver.
- Creating test plan, test strategy and test closure report.
- Performed Smoke, Sanity, Integration, Acceptance and Regression testing of the application.
- Designed the Automation scripts based on scenarios.
- Analyzed client's change requests, make necessary amendments to client requirements and test cases.
- Preparation and execution of Test Case, Test Plan, scenarios based on requirements, and capturing, reviewing and analyzing test results to validate the functionality.
- Re-factoring automation scripts and making them work according to new changes/features.
- Finding discrepancies during testing phase, defect creation and tracking.

Project 3:

Client : OD, USA
Project Name : Staples
Testing Approach : Manual Testing

Project Description:

Rewards refresh application has been used by the Customer Service Representative (CSR) team of Staples. The Rewards application helps the customer to become a member of the Staples rewards program. The application maintains the data of enrolled customers, the rewards. The CSR team monitors the application and also provides the complete information to the customer related to their purchases and rewards earned through Staples.

Contribution:

- Perform GUI testing and usability testing.
- Performed Functional Testing, Re-testing, and Regression Testing.
- Prepared test scenario based on the requirements.
- Involve in Understanding the business requirements.

Project 4:

Client : Sputnik
Project Name : Post designation process
Testing Approach : Manual Testing

Project Description:

Divestiture project of Sputnik - TSA Support and Colleague movement externally

Contribution:

- Interacted with developers for status of the bugs and re-tested the fixed Bugs.
- Fixed the production issues in timely manner for the end user satisfaction.
- Prepared and developed the RTM for high rigor requirements.
- Identifying Test Scenarios for Preparing Test cases.
- Writing Test cases and Execution of the Test cases.

Project 5:

Client : Sputnik
Project Name : Key for Future Ready
Testing Approach : Manual Testing

Project Description:

To perform colleague movement between Sputnik Companies as per Client's requirement.

Contribution:

- Analyzed the Business Requirements Document and prepared detailed Test Cases for new functionality.
- Business Analyst and Functional & Integration tester
- Coordinated with client for requirement understanding.
- Well Acquainted with Software Development Life Cycle (SDLC) & Software Testing Life Cycle (STLC).
- Develop testing plans for project to ensure timely and effective implementation.
- Performed UAT, Regression, Functional, Integration testing.
- Attended review meetings with Business Analysts, Developers to understand and test according to their requirements.
- Worked as a Primary tester in client-based projects.

Strength: -

I have ability of good debugging and I am punctual and hardworking person and Fast learner. I am honest trustworthy and have experiences through studies and work.

Personal Information: -

Name	Monica Vijayalakshmi S
Date of birth	02-04-1996
Gender	Female
Father Name	Sasidharan J
E-Mail ID	monicasasidharan@gmail.com
Nationality	Indian

Declaration: -

I hereby declare that statement furnish above are true, complete, & correct to the best of my knowledge & belief.
