ABOUT REDBLACKTREE

Red Black Tree is a technological product development company that solves challenging technical problems using new age cutting edge solutions including Mobile, IoT, AI/ML and Cloud Technologies

CHALLENGES

- ✓ RedBlackTree wanted to build a best-in-class HRMS portal that their customers would use seamlessly. They wanted a QA partner to ensure their application is error-free and well defined
- ✓ Their main goal was to test product features against defined specifications and create regression test suites for continuous testing

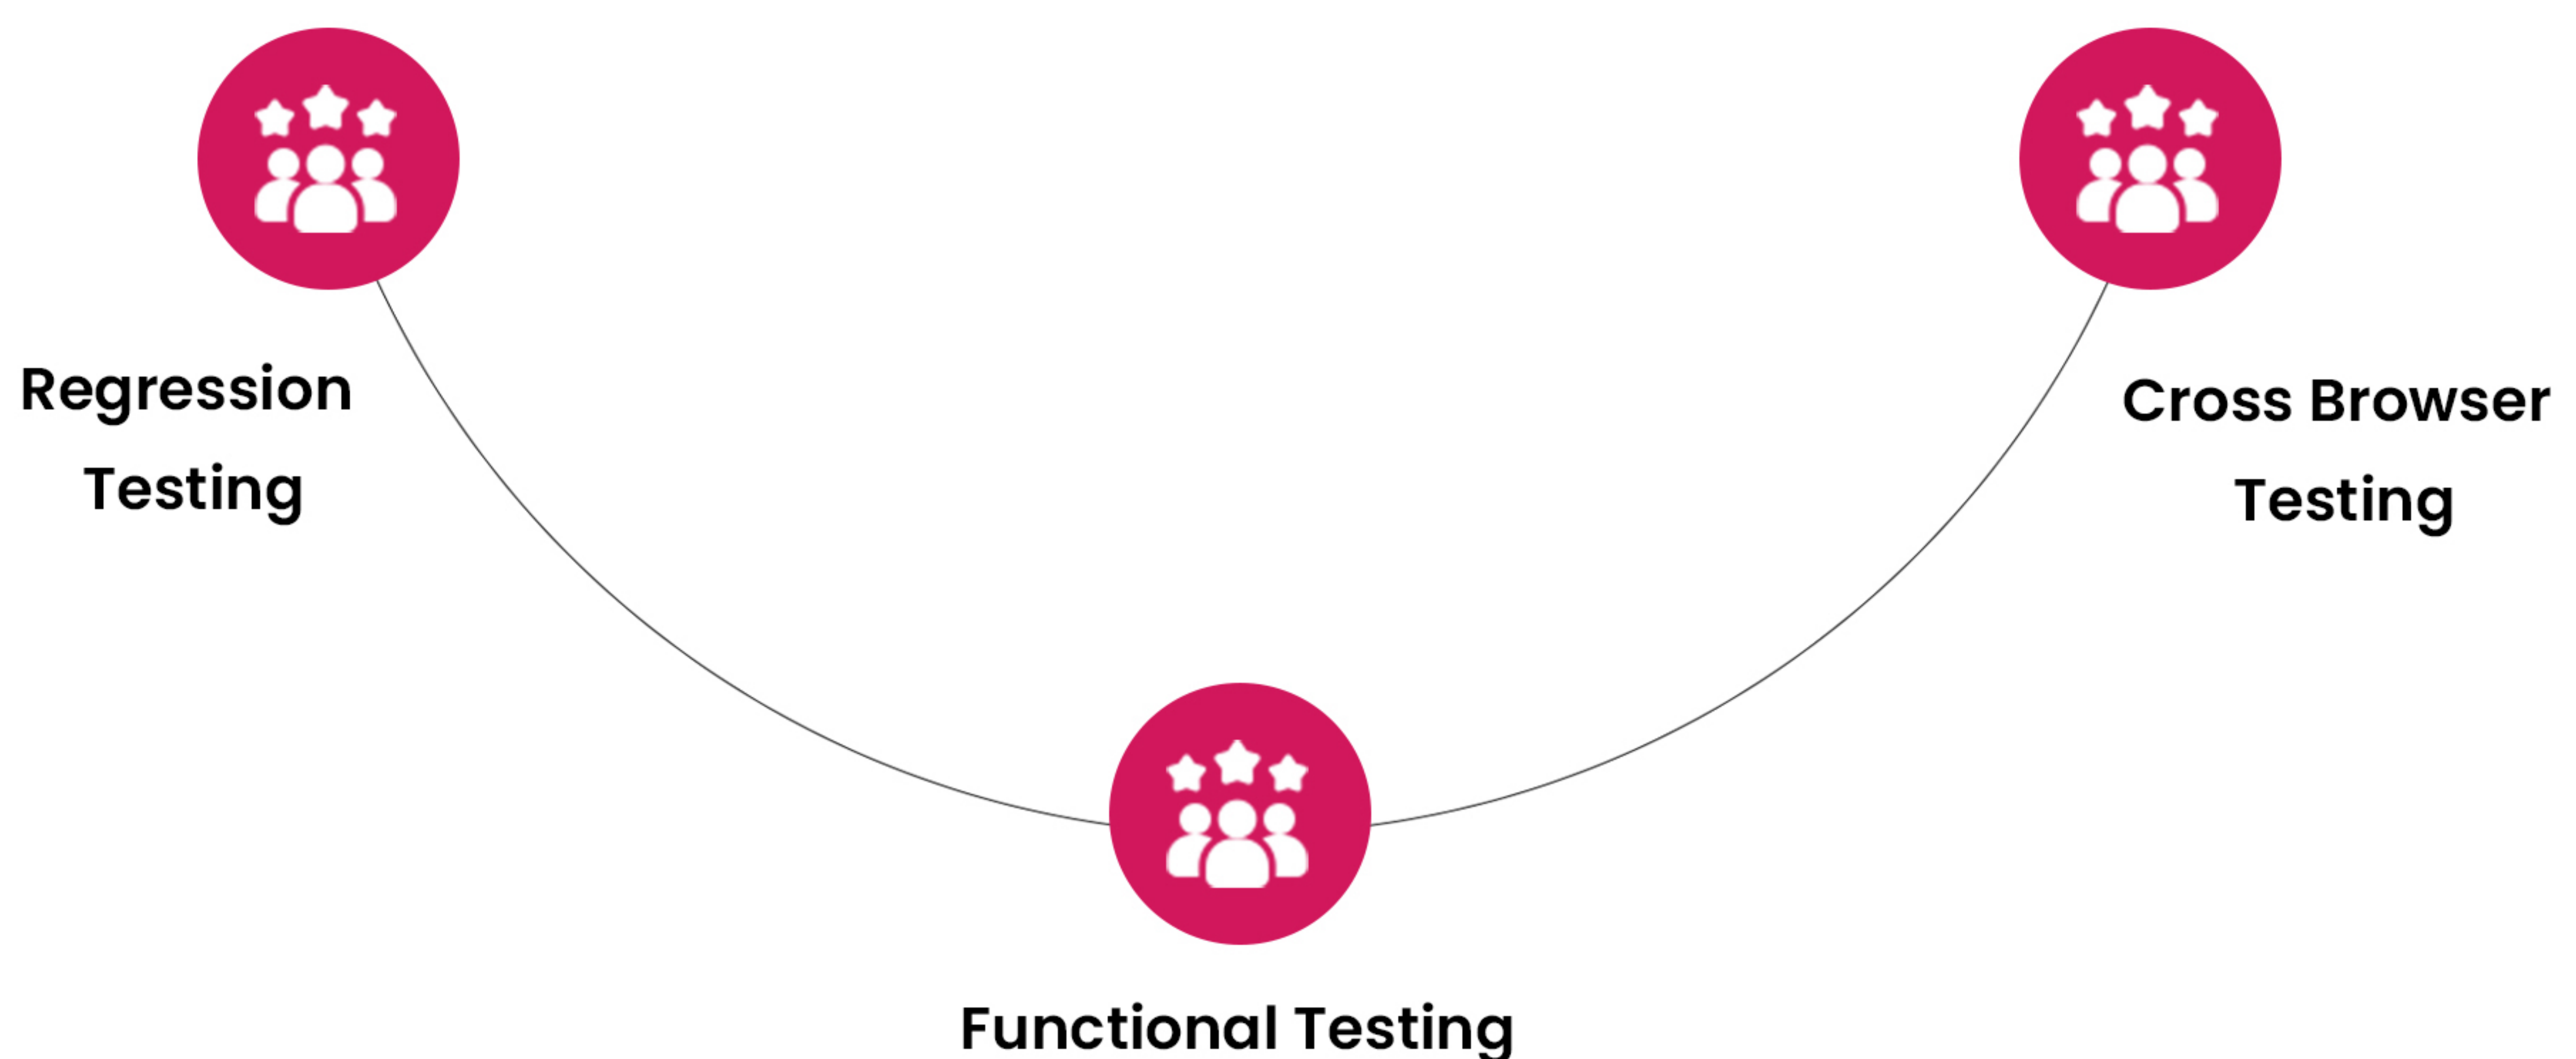

REDBLACKTREE

SOLUTIONS

- ✓ QAonCloud extensively studied RBT's product requirements and designed a detailed QA solution for the SaaS-based Human Resource management system
- ✓ QAonCloud acted as RBT's QA team, providing valuable insights and ensuring all defects were uncovered on a daily basis
- ✓ Our testing team reported a list of bugs, such as log-in issues, crashes and errors, with much needed flexibility and agility, allowing the client to resolve issues quickly and efficiently
- ✓ By creating regression test suites, the team was able to test the core functionalities for several releases and ensure the application remains defect-free
- ✓ QAonCloud was able to ensure the test coverage that was needed, explored multiple test scenarios and established a rigorous testing process for their HRMS product

SOLUTION HIGHLIGHTS

QAonCloud beautifully integrates the QA outsourcing process. It is a transparent and reliable process that lets you focus on getting prompt delivery of QA results
