WORK EXPERIENCE

Sep 2022 to Present

Project Lead at Aspire Systems

As the Project Lead for two implementation projects, I am able to keep the project on track while still delivering high-quality results. Also thrive in handling clients and gaining their trust through rational thinking and effective communication.

Apr 2016 to Sep 2021

Test Analyst at EdgeVerve Systems

May 2015 to Apr 2016

Module Lead at Mindtree

functional testing

Mar 2014 to May 2015

Consultant at Capgemini Limited

Manual Testing Experience in FINACLE

Aug 2008 to Mar 2014

Senior systems engineer at Infosys limited

PROJECTS

Sacom, 350 Days

Sacom Bank is converting its web and mobile applications to the most recent Temenos T24 version. Managing the entire testing process to deliver the quality product to the client with correct testing strategy and implementation to make the go-live as planned.

Sinopac, 378 Days

Sinopac Bank is switching to the Temenos Infinity solution for its mobile app. Managing a 12-person QA team to conduct end-to-end SIT testing of all modules and defect management. Have interacted with clients onshore and offshore to manage quality outputs as per the timeline.

FIS 2.0, 549 Days

Banks require an integrated solution from Infosys through which low income urban and semi-urban(both Inclusion and regular) customers can be served from the kiosks instead of regular branches for their basic banking needs. Finacle Inclusion Solution Version 2.0 has been developed as an out of box solution to service Inclusion population with Online Integration of Core Banking System.
