Summary

• Software Tester with over **3.2+ years** of dedicated experience in ensuring superior software quality and performance. Proficient in devising and implemented comprehensive test strategies, developed test plans, and executed various testing methodologies. Specialized in **functional** and **performance testing**, with a strong track record of identifying and resolved the defects promptly. Skilled in utilizing tools such as **LoadRunner**, **JMeter**, and **Selenium** for automated the testing processes and optimized application performance. Adept at collaborated with cross-functional teams to delivered the high-quality software solutions.

Skills

- **Performance Testing Tools:** LoadRunner , JMeter
- **Functional Testing Tools:** Selenium WebDriver , TestNG
- **Tools :** Winscp | Putty | Dynatrace | Soap UI | Postman | JIRA | Confluence | ORACLE | Eclipse IDE | Sysdig | Splunk
- **Technical:** Performance Testing | Functional Testing | Automation & Manual Testing
- **Technologies :** REST API , Citrix Protocol , HTTP/HTTPS & HTML protocols and Web Page Automation
- **Reporting and Analysis :** Result analysis | Report generation | Defect Tracking | Bottleneck Identification

Experience

Quality Engineering Analyst	Accenture	Chennai, India	03/2023 - Current
• Designed performance test scripts for REST API ,Citrix ,HTTP/HTTPS,HTML Protocols using LoadRunner & JMeter. • Analyzed test results, generated test reports and highlighted performance metrics, bottlenecks, and improvement areas. • Timely achieved Non-Functional Requirements (NFRs), meeting project milestones and deadlines effectively. • Identified and documented functional defects within assigned NFRs, facilitated prompt resolution and quality improvement. • Successfully reduced application response times by 70% through performance optimization strategies. • Actively participated in defect review meetings to ensure alignment on defect resolution strategies and priorities.			
Quality Engineering Associate	Accenture	Chennai, India	01/2021 - 02/2023
• Conducted functional testing & created automation scripts using Selenium WebDriver and TestNG. • Utilized defect tracking tools such as JIRA to create, prioritize, and manage defects efficiently. • Automated manual tasks & reduced the manual work flows by 40% in the daily tasks. • Collaborated with development and QA teams to define test requirements, scenarios, and success criteria.			

Education

Bachelor of Engineering	Panimalar Engineering College	Chennai, India	08/2016 - 10/2020
• Major in Electronics and Communication Engineering • Grade – 7.5 GPA			
HSC	PKN Metric Hr.sec. school	Madurai, India	08/2015 - 05/2016
• Grade – 94.5%			
SSLC	PKN Metric Hr.sec. school	Madurai, India	08/2013 - 05/2014
• Grade – 96.6%			

Certification

- **Microsoft Azure:AZ900 Certificate** : Completed AZ900 Assessment and got certification from Microsoft (10/2023)
