PROFILE

Dedicated and results-driven Quality Analyst with a strong foundation in manual testing, performance testing, and automation. Leveraging proficiency in tools such as JMeter and Selenium, I have successfully contributed to various projects by ensuring the delivery of high-quality software products. My experience encompasses not only comprehensive testing procedures but also collaborative engagement with cross-functional teams to identify and resolve software defects. Seeking opportunities to apply my skills and expertise in a dynamic environment where a commitment to quality and innovation is valued.

EXPERIENCE HISTORY

QUALITY ANALYST

HAKUNA MATATA SOLUTIONS PVT LTD / 07/2022 – 05/2024

- Implemented JMeter tool in the testing process for the "VPass (Visitor Management)" project, showcasing a proactive approach to performance testing and ensuring the scalability and reliability of software products.
- Learned and proficiently applied Selenium automation for the "VPass (Visitor Management)" project to enhance testing efficiency and accuracy.
- Served as a Senior Manual Tester for the "VPass (Visitor Management)" project, overseeing and executing comprehensive testing procedures.
- Collaborated with development teams to identify and address software defects, ensuring the delivery of high-quality software products.

ASSOCIATE QUALITY ENGINEER

HAKUNA MATATA SOLUTIONS PVT LTD / 03/2019 - 06/2022

- Played a crucial role as a Manual Tester, conducting thorough testing on various software applications to ensure functionality and quality standards.
- Collaborated with cross-functional teams to identify and resolve software defects, contributing to the overall improvement of product quality.
- Implemented testing procedures for the "Caterpillar (CAT-PVA)" project, ensuring the delivery of high-quality software products.

SYSTEM ENGINEER

SERVICE CARE PVT LTD / 04/2018 - 09/2018

- Installed and maintained desktops, laptops, and other networking peripherals, ensuring optimal functionality and performance for end-users.
- Addressed and resolved issues based on severity in the CA service desk, providing timely and effective solutions to minimize downtime.

LANGUAGES

Tamil

English
