PROFESSIONAL EXPERIENCE

Business Development Executive | PMO Analyst

Maarga Systems Pvt Ltd | Chennai
Jan'20 to Feb'21 | Sep'21 to Present

Creating business opportunities by identifying potential clients or targeted prospects; evaluating their position in industry, and analyzing sales opportunities by email campaign, cold calling, social media, and online research.

Scheduled meetings with clients and partners to understand their requirements, pain points, budget, timeline, and decision-making process. Also deliver-in-depth, broad-based solution presentation/demonstration to address the pain points and add value to their business. Handling objections, clarifying terms, and addressing concerns to move towards closing the deal.

Work closely with sales management team helping them in terms of preparing sales plan, proposals, contracts and monitoring sales activities and performance metrics, such as conversion rates, revenue targets, and pipeline management and reporting directly to CEO and VP of Sales.

Responsible for research organizations and individuals across different geographies (US, Canada, APAC & UK) and manage lead sourcing and nurturing tools (LinkedIn Sales Navigator) for extended validation of target segments.

Handled (ZOHO CRM & SendX) customer relationship management tools to maintain client records & communications, manage automation & integration of email campaigns.

Responsible for maintaining project documentation, including project plans, schedules, status reports, and meeting minutes. Assist in resource management by tracking resource allocation, availability, and utilization.

Compile and analyze project data to generate reports (using Power BI) for management and stakeholders. These reports may include project progress, key performance indicators (KPIs), budget utilization, resource allocation, and risk assessment.

Maintain a centralized system to track timesheet submissions and achieved a remarkable 80% increase in timesheet on-time submission rates across the organization. Generate timesheet reports to provide project managers and delivery head with insights into resource utilization and project costs.

Process Associate – Business Development

MaxVal Group Inc. | Coimbatore
Feb'16 to Jan'20
