EXPERIENCE SUMMARY

Have 9+ years of experience in functional and product testing on web application services and telecomequipment's. Key roles include Test design, validation and regression and automation. An AWS certified professional.

PROFESSIONAL SUMMARY

- 9+ years of experience in designing test scripts to meet customer technical specification.
- Responsible to keep control of testing activities and meet product goals, lead and guide the team in execution of testing tasks.
- Strong experience in Agile software development.
- AWS Solution Architect certified professional.
- Experience with BDD & Page object model frameworks using JAVA and selenium.
- Strong experience in testing cloud-based web applications and web services (REST), API testing by POSTMAN, GUI Testing, Back-end testing and Acceptance testing.
- Strong experience in understanding and challenging the product requirement.
- Strong experience in testing methodologies and how to apply them (white box, equivalence class partitioning, pairwise, state transition, decision table)
- Strong experience in testing protocols like HTTP, LDAP, SOAP, REST
- Good experience in testing L2 protocol testing (Ethernet, VLAN, ARP, 802.1x, QOS).
- Good experience in network management applications and management protocols in telecommunication.
- Good experience in performing debugging issues and root cause analysis for customer incidents, track quality metrics by test case management tool TESTRAIL.
- Good experience in handling Scrum master role for the team.
- Strong experience in defining scope and do test design and review.
- Strong experience in testing frameworks, defect tracking tools (BugZilla,JIRA).
- Good experience in Change and Release Management.

EXPERIENCE

Aspire Systems
Senior QA Engineer

AUG-2021 to present

Hyderabad

EDUCATIONAL QUALIFICATIONS

- **2020** PGDM in Business Management (Distance Mode) from Narsee Monjee Institute Of Management.

- **2013** Bachelors Degree in Computer Science Engineering from Avanathi Institute of Engineering & Technology **71%.**
- **2009** Intermediate in M.P.C from Narayana Junior **81%**
- **2007** S.S.C. Bhashyam Public School **79%**

Project#1 : Physical Access Control Systems

Role : Senior QA Engineer
Company : Aspire Systems
Client : HID Global
Tools : POSTMAN,TESTRAIL, JIRA, AWS, JAVA, Selenium, Dbeaver,Open search

Roles & Responsibilities:

- Involved in GUI,sanity and regression tests on lower and higher environments for cloud based web applications.
- Involved in E2E Automation testing using POM framework with Selenium and JAVA
- Involved in handling high priority customer issues and bringing it to closure.
- Involved in Web-services API testing, endpoint validation via POSTMAN.

Project#2 : Core Apps - Tmobile

Role : Lead Engineer
Company : HCL Technologies
Client : TMOBILE
Tools/Protocols : HTTP, SOAP, REST, VSPHERE, TESLA, SQLITE, LDAP,

Roles & Responsibilities:

- Involved in functional testing of HTTP protocol.
- Performed in API Testing for Core Apps in Mobile Testing.
- Performed daily Sanity and Regression tests.
- Performed product security testing using OAUTH (authentication & authorization)

Project#3: GPON(Gigabit passive optical network)

Light Ring LR6000: VMC India is involved in development of GPON products which include OLT (Optical Line Termination) and ONT (Optical Network Termination) equipment which delivers high bandwidth voice and data communications.

Role : Embedded Engineer
Company : VMC Systems Ltd
Tools/Protocols : GPON, SNMP, OMCI, VLAN, BUGZILLA,IXIA, WIRESHARK

Roles & Responsibilities:

- Involved in designing and implementation of Zebra CLI for GPON Switch.
- Implemented and created various SET and GET commands according to Zebra Framework.

- Performed entire Unit testing and Integration testing of the CLI for GPON Switch.
- Good skills in trouble shooting and debug in embedded development environment.
- Performed packets traffic capture verification testing using traffic generators.
- Performed Sanity and regression Testing for Optical Line Terminal (OLT).
- Performed OMCI interop compliance testing for third-party ONT's.

CERTIFICATIONS

Solution Architect Associate AWS certified professional.
