📄 PROFILE

Dynamic and results-oriented Senior Test Engineer with over 4.9 years of experience in designing, implementing, and optimizing automated systems. Proven track record of spearheading complex projects from inception to successful completion, resulting in streamlined processes and significant cost savings. Proficient in a variety of automation tools and technologies, with a passion for innovation and continuous improvement.

📁 PROFESSIONAL EXPERIENCE

Senior Test Engineer, AMTEX Software Solutions

August 2021 – October 2023 | Chennai, India.

Associate Test Engineer, HCL Technologies

February 2019 – August 2021 | Chennai, India.

- An engineering professional with **4.9** years of experience in IT
- 4.9 years of work experience in **Functional testing, Regression testing, Retesting, Sanity testing, Web application testing** and **Performing testing** methods.
- 2.2 years of experience in **WebFocus, SQL, HTML, CSS** and **App studio**.
- Worked in **STLC, Agile Scrum Methodology** and having good knowledge in SDLC
- Skilled in **functional, regression, smoke, sanity** and **non-functional** testing achieving a defect leakage reduction of 20% through enhanced test coverage strategies. Good knowledge in **Test Case design** techniques such as **error guessing, equivalence partitioning** and **boundary value analysis** and experience in **writing & executing test cases**.
- Proficient in **manual testing** and also in **JIRA, Redmine, Tableau, CQ, SQL & JAVA**.
- Exposure in automation testing tools like **Test complete, Test execute** as well as **Selenium**.
- Knowledge on **Defect Reporting, Defect Tracking & Defect Life cycle**.
- Scrum call interaction with clients.
- Specializing in **Web** and **Mobile Application Testing** across **e-commerce** and **product-based domains**.
- Strong analytical skills with a track record of reducing **defect leakage**, optimizing test processes.

📁 PROJECTS

FIRST INDUSTRIAL REALITY TRUST – PHASE AND PHASE 2 – AMTEX SOFTWARE SOLUTIONS

- Involved in **Scrum Activities** like **Scrum meetings, Sprint Planning, Sprint Retrospective Meeting, Bug Triage Meeting** with Clients.
- Involved in **Development phase - remediation project - created charts and reports** as per the **client requirement** in **App Studio** and **integrated in Client - WebFocus** and **created dashboards** or **web pages**.
- Involvement in **Preparing Test Overview, Test Scenarios** and **Test cases, Test data** for both **positive** and **negative scenarios** for **test case Development**.
- Worked on Feeds testing from end to end in both QA, PROD (LIVE)
- Involved in **Bug life cycle** and **Defect Verification** and **Validation**.
- Logging the defects in **JIRA** and Coordinated with the development team for the reported defects and tracked all the defects to Closure.

CONDUENT - AMTEX SOFTWARE SOLUTIONS

- Involved in Analyzing, Test planning for Data center Migration and created both **positive** and **negative** testcases.
- Analyzing the Data center Reported Values- Before data center migration.
- Tested old and new oracle **data center**.
- Tested Conduent Intelligent Analytics Portal and Adapters.
- Delivered **smoke** and **sanity** testing on all production builds, ensuring functionality integrity before deployment.

Xerox Corporation, USA – HCL Technologies

- Identified and documented 50+ critical bugs in the **Mopria** mobile application, resolving major crash issues and improving customer satisfaction scores by 15%, leading to enhanced application performance and reliability.
- Conducted **GUI** and **functional testing** ensuring seamless user experience and aligning with UI standards.
- Updating and maintaining all the Test reports and details in **Aptest** for each sprint.
- Managed and updated **test reports** in JIRA and IBM ClearQuest, ensuring visibility of testing progress across teams.

SKILL SET

Tools Knowledge

- JIRA | IBM Clear Quest.
- WebFocus -App Studio | Aptest | Tearterm
MIB Browser | Postman

Automation Environment

- JAVA | Selenium WebDriver | TestNG |
Databases- SQL

Testing Types:

- Functional | Regression | Smoke | Sanity
Non -Functional | UAT

Testing Methodologies:

- Test Plan document | Test Strategy Formulation
| Black Box Testing

Methodologies:

- Agile/ Scrum | SDLC |
STLC

EDUCATION

B. TECH- ELECTRONICS AND COMMUNICATION ENGINEERING, PERIYAR MANIAMMAI UNIVERSITY

2014 – 2018 | THANJAVUR

PASSING CGPA-**8.68** Distinction

CERTIFICATES

- Certification in **Functional Automation** in HCL
Technologies (Tex Academy)
- Completed **ISTQB Certification**- Software
Testing Foundation Level in HCL
- Completed **AGILE TESTING** Certification in HCL.
- Certified **Associate** for **TCA - TIBCO WebFOCUS**.
- Received appreciation from onshore and offshore
managers and Team leads on handling successful
projects within the short time constraints.
