WORK EXPERIENCE

Attentive.ai, Noida — Senior Lead SDET

DEC' 22 - PRESENT

- Led a team of **16 QA professionals** across **8 projects**, ensuring alignment with quality standards & strategic goals
- Created robust automation framework for UI, API/Workflow, & MobileApp, increasing test coverage by 50% & **reducing test execution time by 70%**
- Streamlined workflows, **saving 300 hours per quarter** through strategic initiatives & process improvements
- Led Framework Design & Automation Testing, ensuring **95% coverage**.
- Oversaw Performance/Load, Usability, & WhiteBox Testing, ensuring a **100% comprehensive test coverage** & adherence to quality standards
- Administered the Jira pipeline, implemented automations, & oversaw projects for the company, resulting in a **40% increase in development & testing efficiency**
- Recognized as a '**Magical Motivator**' for exemplary leadership, driving a 15% increase in team productivity and a 20% boost in overall team morale
- Successfully scaled the QA team from **2 to 16 members** in **6 months**, fostering collaboration & talent development

Adobe Systems, Noida — Senior SDET 2

FEB' 19 - DEC' 22

- Led a team as a Senior SDET specializing in **Whitebox Testing** for Adobe Acrobat & its components, ensuring thorough quality assurance that led to a 20% reduction in bug incidents
- Contributed to the development of **Desktop Automation** frameworks, resulting in 30% increase in code quality & efficiency
- Developed **UI automation frameworks** that seamlessly integrated with existing systems, enhancing interactions & reducing execution time by 50%
- Implemented **JIRA Automation** for streamlined project management, which led to a 40% reduction in project delivery time
- Created dashboards for actionable item tracking, facilitating **improved decision-making processes** & providing real-time insights into project statuses & bottlenecks
- Worked on **ML & AI projects**, contributing to software scalability & reliability efforts, resulting in a **25% improvement** in system performance
- Received recognition for outstanding contributions, including the **Spot Award** in Nov'21, **Star of the Month** in Jan'21, & the **Good Works Award** in Mar'20

SKILLS

Leadership & Management

Team Leadership, Strategic Hiring

Team Building, Project Management

Automation & Testing

Performance Testing - Load, Volume, Spike, Recovery, BreakDown, Scale

UI Automation - Selenium, Cypress, PyTest

Desktop Automation - FEAT, PyAutoGUI, Sikuli

MobileApp Automation - Appium, LambdaTest

Workflow Automation - BE user journey

API Automation - RestAssured, Postman

Technical Skills

Issue Tracking - JIRA, Bugzilla

Version Control - GIT, Perforce

Testing Tools - Selenium, Appium

CloudServices - AWS, Lambda, CloudWatch

CI/CD Tools - Jenkins, Bamboo

ML/AI - Data Validation, AI Testing

Log Analysis/Monitoring - Loggly, Splunk

Test Case Management - TestRail, Zephyr

REST/SOAP/WS API Testing, Code Review

Code - Python, Java, JavaScript, C

Continuous Improvement Initiatives

Automation Framework Development

Scrum Master, Release Management

CI/CD Pipeline Implementation

Creating POCs

QA Infotech, Noida — Test Automation/Performance Engineer 2

JUN' 16 - FEB' 19

- Designed & executed complex test scenarios for distributed systems & microservices architectures, ensuring system reliability, scalability, & fault tolerance
 - Developed custom test automation frameworks tailored to project requirements, enhancing maintainability with modular design principles & reusable components
 - Led performance testing using JMeter, optimizing application performance & scalability under varying load conditions for enhanced user experience & system reliability
 - Contributed to the establishment & improvement of quality assurance processes, collaborating with teams to enhance testing strategies & deliver high-quality software solutions
 - Contributed to cloud-based test automation strategies, leveraging AWS Cloud services for scalable & cost-effective testing environments
 - Received Excellence Award at QA Infotech in Sep'18 for outstanding contributions to testing & project delivery
-

PROJECTS

Accelerate

[Attentive.ai]

Led multiple teams across Workflow automation, API testing, Performance testing, & breakdown testing for the Accelerate project, resulting in a 30% increase in test coverage, a 40% reduction in defects, & enhanced system scalability to handle 50% more concurrent users

AutoMeasure, Beam AI, FX/CV

Oversaw UI automation, API testing, & functional testing teams, integrating Autify for AI-driven automation, resulting in a 40% reduction in manual testing & a 20% increase in test coverage. Managed workflow automation, API testing, & performance testing teams, including load analysis, leading to a 50% improvement in application performance under heavy loads. Led ML/AI-based testing, ensuring AI feature accuracy & reliability, resulting in a 30% decrease in AI-related defects & an enhanced user experience

[Adobe Systems]

Adobe Acrobat – Critical Modules Testing

Led QA efforts for critical Acrobat modules, implementing robust strategies that resulted in a 20% reduction in defects & enhanced software quality by 30%

Adobe Acrobat – Smart Search Integration

Spearheaded ML/AI integration, developing a Python-based UI framework to enhance capabilities, resulting in a 40% improvement in UI responsiveness

[QA InfoTech]

Macmillan, Walmart NextGen & Other Projects

Led performance, load, & automation testing, addressing bottlenecks to enhance system scalability & reliability, resulting in a 30% reduction in application downtime. Provided expertise in automation, API testing, & performance testing, optimizing strategies tailored to project-specific needs, leading to a 25% increase in testing efficiency

AWARDS

[Attentive.ai]

Magical Motivator in Nov '23

[Adobe Systems]

Spot Award in Nov '21

Star of the Month in Jan '21

Good Works Award in Mar '20

[QA InfoTech]

Excellence Award in Sep' 18

EDUCATION

RKGIT, Ghaziabad — BTech

2012 - 2016

Ranked 3rd in the Aspirations-2012 Infosys competition

Achieved 2nd place in Blind-Coding competition at an inter-college fest

Received multiple awards for outstanding performance in group discussions

The Chintels School, Kanpur

12th ISC Board - 2012

10th ICSE Board - 2010
