- **Marketing Head & Management Co-Ordinator (SWASTIMED INDUSTRIES)**
  - Joined as a Business executive and got promoted as the management person by my own interest. ( presently employed in their sister in law consent firm - same organization )
  - Managing sales team and its operation, operating production teams & Raw material quality certifications.
  - Responsible for management documentation & Certification process like CDSCO, ISO 13485:2016
  - Conduct marketing campaigns at medical conferences through reach and attracting the surgeons.

## ❖ **WORK HISTORY – FEW HIGHLIGHTS (PMT)**

- **Prescription generating strategy**
  - For silospur-d tablets- IPSS(International Prostate Syndrome Score)  
Provide an IPSS chart for every sales person to evaluate every patient's prostate functions and evaluate the final scores to make awareness about prostate syndrome among the patients and generate silospur-D prescriptions through that activity.
- **Product training**
  - Given training for field persons, briefly explained about my molecule by the easiest way to understand and non graphical but with Scientific picture representation through power point.
- **Visual-Aid making**
  - During product management trainee, made a visual aid content model and made product card content and suggest designing.
- **Promoting**
  - UTI-FLY is Antibiotic which molecule able to use during pregnancy, but physicians have little hesitation for using it due to no one tried before. hence I had collect the clinical data journals and create awareness among them.
  - Conduct stall promotion at Medical , Surgeon conferences
