OBJECTIVE

To obtain the challenging career and will put all my efforts into the growth of the organization and have a great working environment and also eager to secure and ready to help team achieve the company goals.

EXPERIENCE

Delphi-TVS Technology Limited

11/2020 - 11/2021

Trainee

I have worked in quality control department. Firstly manual testing in injector, check the injector manually visual once and visual ok then sent to the automation test. The automation testing machine check the injector sensor machine visual once and visual ok then packing the injectors. Injector name, injector number, injector date, manual testing employee name, automation testing machine operator name, rejected injector details all injector details are stored in database. Any customer complaint raised in our company Database supporter track the injector details using for DDL/DML command.
